Yogyakarta, Indonesia | maylafathin12.github.io/my-portofolio

Design Engineer and Front-End Developer with 3 years of project-based building performant, pixel-perfect web & mobile interfaces. Proven track record of shipping production-grade projects (global.educativa.id, kelasriset.com) and winning 6 national competitions. Recognized as Best Mentor (UI/UX & Front-End) and Most Growth Mindset at Educativa. Passionate about crafting delightful user experiences at the intersection of engineering precision and deliberate design using modern frameworks, creative animation, and interactive 3D.

WORK EXPERIENCE:

Front-End Developer Intern

[Educativa.id](https://www.educativa.id) | November 2025 - Present

- Shipped global.educativa.id to production using React.js - owned full component architecture, responsive design, and deployment end-to-end.
- Rebuilt [KelasRiset.com](https://kelasriset.com) landing page (HTML/CSS/JS) - modernising visual identity for 6,900+ active members.
- Recognised as Best Mentor (UI/UX & Front-End) for guiding junior interns in design implementation and component architecture.
- Awarded Most Growth Mindset intern for consistent upskilling and proactive cross-squad contribution.

Growth Engineer Intern

[Dicoding Indonesia](https://dicoding.com) | April - July 2025

- Launched "Dicoding DevCommunity Support 2025," a nationwide program designed to scale Indonesian technology communities.
- Architected the collaboration framework and managed a growing community network of 200+ active members.

Front-End Developer Intern

[DINKOMINFO Blora](https://dinkominformasi.blora.go.id) | October - November 2024

- Built the Command Center Website for Kabupaten Blora - a real-time government dashboard used daily by local officials.

CTO & Lead Developer

SAHAL - P2MW Entrepreneurship Program | February 2024 - September 2024

- Served as the sole technical lead and decision-maker for the platform's architecture and digital strategy.
- Directed end-to-end development and system integration for an Arabic language learning platform supporting 500+ active students.

AREAS OF EXPERTISE:

- Core Web: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks: React.js, Next.js, Vue.js, Tailwind CSS
- Creative & Animation: Three.js, GSAP, Framer Motion, Canvas 2D
- Mobile: Flutter, Kotlin, Dart
- Design & Tools: Figma, UI/UX Design, Git/GitHub, Google Workspace
- Languages: Indonesian (Native), English (Professional Working Proficiency)

SOFT SKILL:

Mentoring & Knowledge Sharing · Growth Mindset · Cross-functional Collaboration · Systems Thinking · Adaptive to new stacks · Creative Thinking

SELECTED PROJECTS:

EduResearch AI - Thesis Assistant Platform

Sole Front-End Engineer | Soon - May 2026

- Crafting the visual foundation and modular component architecture for an AI-powered research platform tailored for undergraduate students.
- Implementing intuitive interaction flows and high-performance UI using React.js and GSAP.

Global Educativa.id

Sole Front-End Developer | February - April 2026

- Engineered an international-scale platform from scratch using React.js and Tailwind CSS within a lean team environment.
- Successfully slashed the original three-month production timeline by 66%, delivering a production-ready site in just one month.

KelasRiset by Educativa.id

Front-End Developer | December - March 2026

- Spearheaded the visual redesign and front-end overhaul of the landing page to modernize its digital presence.
- Implemented responsive layouts to enhance user engagement and provide a seamless experience across all device scales

SAHAL (Arabic Language Learning Platform) - P2MW 2024

CTO (Chief Technology Officer) | February 2024 - September 2024

- Directed the technical strategy and front-end architecture for an innovative EdTech platform serving 500+ active students.
- Managed the end-to-end development process and system integration to ensure high delivery speed and feature quality.

SEHAT+ HIV/AIDS Awareness App & Web - PKM KC 2023

Mobile & Web Developer | January - November 2023

- Built a comprehensive AI-powered health ecosystem consisting of a Flutter mobile app and a responsive landing page.
- Integrated an AI chatbot for personalized health advice and accessibility to health resources.
- Achievement: Double 1st Place National Winner at PKP2 PTMA for both Mobile and Web platforms.

ACHIEVEMENTS & CERTIFICATIONS:

- 1st Place National: PKP2 PTMA (SEHAT+ Ecosystem) – 2023.
- Most Favorited Web: YUMMY Cafe and Resto – 2023.
- Bangkit Academy Graduate: Android Learning Path (Google, GoTo, Traveloka) – 2024.
- 20+ Professional Certifications - certifications including Intermediate Android, Frontend Development, AI, and Google Cloud.

EDUCATION:

2021 - 2025 | University Muhammadiyah of Yogyakarta

B.Com.Sci - Information Technology

- Member of Google Developer Student Clubs (GDSC) · Member of Google's Women Techmakers
- Kelompok Penelitian Mahasiswa (KPM) · Student English Academy (SEA)
